COLOURED PENCILS CLASSES

Everyone can draw, but we believe that everyone can do it well. We also think that any time is a good time to learn this. That's why we offer Coloured Pencils classes for different age groups such as adults, teenagers or even preschool children (from the age of five). In this course, you will be taught how to observe things you want to draw and how to use different drawing techniques. Step by step, you'll move on from simple pictures to still lifes of flowers and portraits which will look like the best photographs.

Cost: £60–£90

C

What a picture!

Would you like to express yourself through art, but you think you can't paint or draw? Use a camera instead of a brush or pencil. This course will teach you different camera skills and tricks. You'll learn how to take pictures of landscapes, buildings, children, plants and still lifes. At the end of the course, you will be able to exhibit your best shots.
