

# Amazing Antarctica

## Where Is Antarctica?

Antarctica is the area of land that is the furthest south in the world. It contains the South Pole. It is the coldest place on Earth.

## Antarctic Animals

Lots of different animals live in Antarctica.

**Emperor penguins** are the biggest penguins in the world. They are only found in Antarctica. They keep themselves warm by huddling together in big groups.

**Fur seals** have thick fur to protect them from the cold. They also have a thick layer of fat under their skin to keep them warm.

**Orcas** are sometimes called 'killer whales' but they are actually a type of dolphin. They eat seals, penguins, squid, sharks and even whales.
