Hi Sarah,

I've got lots of food ready for our picnic on Saturday. I've got some bread, some cheese and four eggs for the sandwiches. There are some tomatoes, too. Actually, there are lots of tomatoes because we grow them at home! I've also got a big packet of crisps. I haven't got any meat though. Is there any in your fridge?

There isn't any fruit at my house. Please can you peel and slice some apples, slice some bananas and strawberries, then mix them in a bowl and make a fruit salad?

Would you like to drink juice or water at the picnic? I think everyone likes juice, and I can bring one carton of orange juice and one of apple juice.

Did you know there's a nice ice cream shop next to the park and they sell some delicious blueberry ice cream there? We can try it!

Are lots of people coming to the picnic? We've got lots of food!

See you on Saturday!

Love, Kate
