Presenter: Today's programme is called 'Problems with Parents'. We have five school children who are going to tell us problems they have.

1

I have to go to ballet classes after school. My mum did ballet when she was young and was very good at it. She's really demanding. I think that it's not fair. I'd like to decide myself what to do in my spare time.

2

I want to be a professional athlete. I have to train every day before school. In my opinion it isn't easy. I failed my last exams and have to retake them. I just don't have enough time.

3

I go to an all-girl secondary school. Most students do well in their exams and go on to university but we don't mix with boys. If you ask me, I don't think it's a good education for life.

4

After school I study two languages and the piano. It seems to me that it's too much. I'm making good progress in everything I do but I don't have time for meeting friends or relaxing.

5

I'm good at sciences and I always work hard. I want to go to university but my parents want me to work in their shop when I leave school. I totally disagree. I'm more ambitious than that!

Przykładowa odpowiedź:

I'm going to tell you about the Boys' Day in our class organised last week, on 30 September.

We – the girls – wanted to do something special. Our form teacher agreed to spend the form time on celebrating the day. It was great to see all the boys taking part in funny quizzes and games. The best players got presents. But don't worry: all the boys got mugs filled with chocolates. Sweets are always welcome as gifts, but next year we will prepare something personal, like hand-made medals with funny writings on.

The boys really liked our gifts and we all were having fun! Our teacher said it was the best Boys' Day that she had seen in her life.
